

Wildflowers of Southern Idaho

COLORING BOOK

ARROWLEAF BALSAMROOT (*Balsamorhiza sagittata*)

Wildflowers of Southern Idaho

White marsh marigold
(*Caltha leptosepala*)

Many native plants and wildflowers grow in southern Idaho. Some may be as close as your own backyard! These plants are an important part of our landscape. They provide food for many birds, mammals and insects, and they help keep soils rich.

On your next hike, take this book with you!
It can help you learn more about Idaho's wildflowers.

Write field notes or draw the plants you see.

If you have a camera, take photographs.

Take a close look at flower petals, seeds and leaves.

What insects are visiting the flowers to pollinate?

Does the plant have a scent?

Enjoy your Idaho wildflower walk!

Wildflowers of Southern Idaho

Philadelphus lewisii

SYRINGA (MOCKORANGE)

Idaho's state flower smells like orange blossoms!

Wildflowers of Southern Idaho

Clarkia pulchella

ELKHORNS

Lewis & Clark thought the bright pink petals looked like tiny elk antlers.

Wildflowers of Southern Idaho

Sphaeralcea munroana

MUNRO'S SCARLET GLOBEMALLOW

Globemallow has bright orange flowers and tiny star-like hairs on its stems and leaves.

Wildflowers of Southern Idaho

Eriophyllum lanatum

WOOLLY SUNFLOWER

This plant has bright yellow flowers and short grey hairs on its stems and leaves.

Wildflowers of Southern Idaho

Camassia quamash

CAMAS LILY

Vast "seas of blue" appear in Idaho's high meadows when this bulb blooms.

Wildflowers of Southern Idaho

Balsamorhiza sagittata

ARROWLEAF BALSAMROOT

These arrow-leaved plants can live for decades!

Wildflowers of Southern Idaho

Aquilegia formosa

WESTERN COLUMBINE

This beautiful flower's sweet nectar attracts hummingbirds.

Wildflowers of Southern Idaho

Sisyrinchium angustifolium

BLUE-EYED GRASS

This delicate blue star-flowered plant loves moisture.

Wildflowers of Southern Idaho

Ipomopsis aggregata

SCARLET GILIA

This native Idaho plant has bright red trumpet-shaped flowers.

Wildflowers of Southern Idaho

Mimulus lewisii

LEWIS' MONKEYFLOWER

This sticky-leaved plant grows near streams and springs.
